Dr. Morris Massey's Value Programming Theory

- What we are now, directly relates to when, and where we were value programmed
- We are programmed with gut values by age ten
- Values will not change unless a significant emotional event (SEE) occurs

UNITED STATES ARM Y RESERVE COMMAND

SELF CONCEPT

"The totality of the individual's thoughts and feelings having reference to him or her as an object. A Snapshot Picture"

(Dr. Morris Rossenburg)

UNITED STATES ARM Y RESERVE COMMAND
